ACTIVITY:

"Personal data" means any information relating to an identified or identifiable natural person ("data subject"); identify a natural person who, directly or indirectly, in particular by an identifier such as name, number, location, online identifier or one or more factors relating to the physical, physiological, genetic, mental, economic, cultural or social identity of the natural person identifiable;

"Data processing" means any operation or set of operations on personal data or files, whether automated or non-automated, such as the collection, recording, systematisation, sorting, storage, transformation or alteration, retrieval, consultation, use, communication, transmission or otherwise harmonization or interconnection, restriction, deletion or destruction;

"Restriction of data processing" means the marking of stored personal data with the aim of limiting their future processing;

"Profiling" means any form of automated processing of personal data in which personal data are assessed in order to assess certain personal characteristics of a natural person, in particular his performance, economic situation, state of health, personal preferences, interests, reliability, behavior, location or movement; used to analyze or predict related characteristics;

"Pseudonymisation" means the processing of personal data in such a way that it is no longer possible to determine to which specific natural person the personal data relate without the use of additional information, provided that such additional information is stored separately and technical and organizational measures are taken; that such personal data may not be linked to identified or identifiable natural persons;

"Registration system" means a set of personal data which is accessible in any way, whether centralized, decentralized or functional or geographical, on the basis of defined criteria;

"Controller" means the natural or legal person, public authority, agency or any other body which alone or jointly with others determines the purposes and means of the processing of personal data; where the purposes and means of the processing are determined by Union or Member State law, the controller or the specific criteria for the designation of the controller may also be determined by Union or Member State law;

"Processor" means any natural or legal person, public authority, agency or any other body which processes personal data on behalf of the controller;

"Recipient" means a natural or legal person, public authority, agency or any other body to whom personal data are disclosed, whether a third party or not. Public authorities that may have access to personal data in the context of an individual investigation in accordance with Union or Member State law shall not be considered as recipients; the processing of such data by those public authorities must comply with the applicable data protection rules in accordance with the purposes of the processing;

"Third party" means any natural or legal person, public authority, agency or any other body other than the data subject, the controller, the processor or the persons who are authorized to process personal data under the direct control of the controller or processor; they got;

"Consent of the data subject" means a voluntary, specific and well-informed and clear statement of the will of the data subject, by which he or she indicates his or her consent to the processing of personal data concerning him or her by means of a statement or unambiguous statement;

"Data protection incident" means a breach of security resulting in the accidental or unlawful destruction, loss, alteration, unauthorized disclosure of, or unauthorized access to, personal data which have been transmitted, stored or otherwise handled;

"Undertaking" means any natural or legal person engaged in an economic activity, regardless of the legal status of the entity, including partnerships and associations carrying on a regular economic activity.
